EDUCATION

University of California, Los Angeles (UCLA)

Expected: Dec 2024

Master of Science in Electrical and Computer Engineering (Research: Diffusion Models)

CGPA: 3.95/4.0

Courses: Neural Network and Deep Learning, Computational Imaging, Large-Scale Data Mining

Sardar Patel Institute of Technology

May 2023

Bachelor of Technology in Electronics & Telecommunication with Minors in Computer Science

CGPA: 9.45/10.0

Courses: Data Structures & Algorithms, Computer Architecture, System Design, AI & ML

TECHNICAL SKILLS

Programming Languages: Python, R, SQL, C, C++, Java, JavaScript, Matlab, HTML, CSS

Libraries & Frameworks: Pytorch, TensorFlow, JAX, LangChain, LLamaIndex, CUDA, OpenCL, Node.js

Developer Tools: AWS, Azure, GCP, MySQL, CAD, Git, Docker, Kubernetes, Model Optimization, LLMs

Other: Generative AI, MLOps, Deep Learning, Computer Vision, RLHF, Large-Scale AI Systems, Research

EXPERIENCE

FOX Corporation

Sept 2024 – Nov 2024

Software Engineer Intern

Los Angeles, USA

- Designed, built, and deployed video tools that **managed** and **optimized** media workflows.
- Enhanced digital experience for **10M+ viewers** with **AWS** by reducing streaming latency for **major live events**
- Contributed to industry-leading **reliability, quality, and system performance** for **video streaming**.

Hyphenova

Jun 2024 – Sept 2024

Software Development Engineer Intern

Los Angeles, USA

- Achieved **25%** reduction in page load times by optimizing **React** code and **Next.js** for app landing page
- Streamlined data processing by **30%** by optimizing **deployment pipelines**, attaining **15%** less data redundancy.
- Performed **code reviews**, ensured **code hygiene**, conducted **bug triages**, and provided feedback on app feature

Velocity Global Solutions

Mar 2023 – May 2023

Machine Learning Engineer Intern

Mumbai, India

- Developed a **multimodal pipeline (Image, Video, Speech)** to identify human sentiment, using NLP and CNN.
- Designed and implemented custom object detection system using **YOLOv8** and **Faster R-CNN**, resulting in **12% increase** in accuracy and deployed the UI using Streamlit.
- Improved image colorization precision by **15%** using **W-GAN**, enhancing **automated image enhancement** app
- Collaborated with **20+ clients** to assess their business needs and boosted operational efficiency by **15%**.

Deloitte

Jan 2022 – Jun 2022

IT and Specialized Assurance Intern

Mumbai, India

- Enhanced **security** by evaluating **71 applications** and **136 controls**, following established policies.
- Reduced **system downtime** by **25%** through **IT infrastructure assessments**, saving clients **\$20,000** annually

Maven AI Technologies

Jun 2021 – Sept 2021

Machine Learning Intern

Mumbai, India

- Automated extraction** of data from **10+ websites**, resulting in a **20%** reduction in **data collection** time.
- Enhanced deep learning model's accuracy by **15%** through accurate annotation of **10,000+** data points per week
- Collaborated with data scientists, **fine-tuning 5+** deep learning models that attained **97%** precision and recall.

RESEARCH PROJECTS

Semantic Segmentation for Advanced Land Cover Mapping | Published in IEEE 5th ICIRCA

- Developed a novel semantic segmentation approach, by leveraging base models (**VGG16** and **Resnet50**) as the backbone of the segmentation model (**U-Net**) and achieving an overall classification accuracy of **96.63%**.

Covid-19 Radiography using ConvNets | Published in IEEE 4th SUMMA

- Engineered an **AI-driven diagnostic tool** using ConvNets that analyzed over **5,000+** chest radiographs, achieving a **95.45%** accuracy rate in detecting COVID-19 abnormalities, significantly aiding rapid response initiatives.

LEADERSHIP AND INVOLVEMENT

- Led **25+** students to develop AI-driven projects using **LLMs** for **Accenture, Cohere, Snowflake & Verizon**.
- Guided **60+ underrepresented women and non-binaries in Tech** by teaching **Foundations of ML**.
- Achieved top **5%** rank across India in e-Yantra Robotics Competition by building an **autonomous system**.
